

HOUSE - CHÂTEAU DE LA CHAIX

Welcome to the Château de la Chaix !
This charming 5-bedroom (three of them are double) GuestHouse is set on our one hectare park in the Brionnais-Charolais region, an area where you will discover hundreds of examples of roman architecture and culture among beautiful hills and forests and that will soon be listed as a UNESCO site. This is the perfect place for fans of art and history, for gourmands, and for lovers of nature. Come enjoy the calm of the Chateau de la Chaix, where only a bird's singing may disrupt your train of thought.

We have five rooms to choose from - 3 of which are two-room suites - and each is inspired by one of our favorite songs. Each room offers a custom playlist, handcrafted decoration, and unique views on to the park surrounding the house.

There are many unique moments to discover in the one-hectare park: French-style greensward with roses and boxwood alleés, "Paradise" garden with aromatic herbs, forest area with its wild flowers and strawberries, pétanque court- a classic French garden game to be enjoyed with aperitif, kitchen herb garden, open air breakfast terrace, lovers pavilion...

Once here you may feel at home. Want to stay in and have a dinner without taking the car? No problem! Our "Guest's Dinner Table" offers you a gourmet dinner prepared in the traditional French style.
